

# Invitation: Call For Papers

## 3rd Conference on Safety & Health in Research and Education

1 – 2 Jun 2011

Singapore

Following the successes of the earlier Conferences, the 2011 Conference provides a regional platform to share on the strategic capabilities needed for developing sound safety and health management systems, including leadership roles and responsibilities in research and educational institutions.

### OBJECTIVES

This Conference is the regional platform for:

- Sharing of good safety and health practices, technological advances and innovative ideas;
- Discussion on emerging issues in safety and health;
- Sharing of competency requirements for safety and Health professionals in research and educational institutions; and
- Creating awareness and sharing of best practices on sports safety.

### CONFERENCE DESIGN

**Conference (1 Jun 2011):** Internationally-renowned speakers will be invited to deliver the keynote talks. Following the talks, concurrent symposiums on related presentation topics will be held.

**Post-Conference Workshops (2 Jun 2011):** Two Post-Conference Workshops will be held with special focus on research and educational institutions:

- a) safety and health management systems and
  - b) how to be an effective safety and health professional
- Details will be announced separately.

**Topics for Presentations:** Paper presentations (in English) are invited to cover the following specialties in the field of research and educational institutions of all levels:

- Safety Management System
- Risk Management
- Risk Assessment methodologies for laboratory and field work
- Health and Safety Design Considerations in Laboratories
- Dealing with Emerging Issues in Research (nanotechnology, biomedical, bioengineering, genetic modification, etc.)
- Laboratory / Research Waste Management
- Safety Assessment and Planning in Physical Education and Co-Curricular Activities
- Safety in Excursions (Overseas and Mass Sports Event)
- Safety Management in Water Sports and Adventure Education
- Mental Health, Well-being and Resilience
- Pre-Employment Training
- Regulatory Requirements and Legal Liabilities
- Any other relevant topic of interest to the stated audience

**Eligibility:** Academicians, Workplace Safety and Health Professionals, Engineers, Managers, Researchers, Teachers and Technical and Administrative Managers of Research and Educational Institutions, including government officers.

**Closing Date:** Submission of Abstract, with maximum of 500 words must be submitted via email to [conference@siso.org.sg](mailto:conference@siso.org.sg) before 29 Oct 2010.

Each submission must be accompanied by a passport size photograph and a Curriculum Vitae (CV) of the presenter, which should not be more than 200 words.

Selection of abstracts will be evaluated based on its relevance to the objectives of the Conference and successful submissions will be notified by 31 Dec 2010.

### CONFERENCE EXPENSES

Conference Fees will be waived for presenters.

This Conference is organized by Singapore Institution of Safety Officers and jointly supported by:

- Agency for Science, Technology and Research
- Ministry of Manpower
- Nanyang Technological University
- National University of Singapore
- SIM University
